DETAILED ACTION

1. This application claims benefit of the foreign applications:
JAPAN 2003-009637 with a filing date 01/17/2003; and
JAPAN 2003-11282 with a filing date 04/16/2003.
2. The amendment including cancellation of claims 1-10 and addition of claims 11-18 in the amendment filed on August 03, 2006, is acknowledged. No new matter is found. Since the newly added claims 11-18 are commensurate with the scope of the invention, claims 11-18 are prosecuted in the case.

Responses to Amendment

3. Since claims 5-6 have been cancelled, the objection of claims 5-6 has been obviated herein.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:
Claims 11-18 are neither anticipated nor rendered obvious over the art of record, and therefore are allowable. This invention relates to method for producing coupling compound. The closest reference is Sekikawa et al. US 4,411,700, which discloses desensitizer compositions. The difference between the reference and instant claims is that instant claimed catalyst/compounds have not been found. A suggestion for modification of above reference to obtain the instant claimed catalyst/compounds has not been found. Claims 11-18 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
